Dear Mr. Weisberg:

This is in reply to your letter of July 7, 1969.

In accordance with a policy established when we first received requests for the weighing of bullets or bullet fragments among the exhibits of the Warren Commission, we do not weigh any of these items because this might lead to other requests for laboratory procedures or tests involving the Commission's exhibits which could result in the loss, damage, or alteration of some of these exhibits.

Sincerely,

Herbert E. Angel
